Patented

Sir:

In response to the Office Action dated October 7, 1999, Applicant respectfully requests entry of the following amendments and remarks.

IN THE SPECIFICATION

Please delete the paragraph beginning at page 10, line 10 and insert the following paragraph in its place:

The non-woven layer of the present invention preferably has a thickness in the range of 1 to 2 mils, and the overall thickness of the present invention is preferably less than 10.0 mils. The advantages of having thicknesses in the aforementioned ranges are that the non-woven layer is thick enough to absorb and
